RELATED CASES: 19012135

STAT DATA: None

BWC ACTIVATED: Yes

SUPPORT DOCUMENTS: 1 probable cause affidavit, 1 probable cause continuation

On 03/23/19 at 1018 hours, I was dispatched to 3434 Pinehurst Dr. in reference to assisting another agency that was later reclassified to a county ordinance violation. Upon arrival, I observed Pasco County Fire Rescue, Engine 12 on Run# 16913 at 3434 Pinehurst Drive. I also observed a large plume of white smoke and flames coming from a burn pit on the front yard located approximately 10 feet from the road. The burn pit was actively on fire. The pit was approximately 4 feet in diameter. Inside the burn pit was dried leaves and tree branches.

I issued David Boileau a county ordinance citation (see case# 19012135).

After I completed my investigation into the illegal burn, and issued David a citation, I conducted a routine wants and warrants check. At that time, I found David had an active warrant from Highlands County for the offense of FTA VOP Petit Theft (Case#11000116MMA). I then returned to the residence to conduct a warrants investigation. I parked my vehicle in front of David's residence located at 3434 Pinehurst Dr. and observed him sitting on the tail gate of a truck in the driveway of the residence. David made the comment, "what do you want?" I told David I needed to speak with him. When I attempted to approach David, he turned away from me and stated "fuck you, I'm going inside." He then ran towards, and into, his house. I gave David a lawful command to stop and he continued to run. David attempted to shut his door after running into his house. I ran after David in an attempt to detain him while giving him a lawful command to stop. Due to fresh pursuit, I entered the residence after David. I grabbed David by his shirt, from behind, and took him down to the ground. I placed David on the floor on his stomach while giving him lawful commands to give me his hands. David continued to resist my efforts to gain control of his hands for a short period. I then detained David and placed him in handcuffs with the assistance of Deputy C. Croft.

I placed David in the back of my patrol vehicle without any further incident.

I called teletype and spoke with operator #2238. She confirmed the warrant, but stated that Highlands County will not extradite David from Pasco. She advised they will only extradite from surrounding counties. She confirmed this with Highlands County after advising them that David was facing local charges.

Due to the warrant being non-extraditable, I did not arrest him for the warrant.

Based on the above circumstances, I developed probable cause to arrest David for resisting arrest without violence.

I transported David to Land O' Lakes jail without incident and completed a probable cause affidavit. I forwarded it appropriately.

I later completed a State Attorney Packet and forwarded it appropriately for consideration of prosecution.

My Body Worn Camera was activated during this incident and captured events during the investigation; however, the camera footage may have been paused/interrupted if taking up a static post and/or during the passing of sensitive, tactical, or confidential information. This report is not verbatim of the events captured but does reflect a thorough documentation of my involvement in the investigation. The footage was later uploaded to Evidence.com for storage.

A wants and warrants check on all parties met with positive results for David.

On 03/23/2019 at approximately 1015 hours, I responded to the address of 3434 Pinehurst Drive, Holiday, Florida 34691 in reference to an illegal burn being called in by a neighbor of the above listed residence. Upon arrival to the residence I observed a large fire pit approximately six foot wide in the front yard of the residence, approximately three feet from the public roadway. This is a densely populated area and the smoke was heavy when I was arriving on scene. Fire Recue requested the male, identified as David Boileau, to put out the fire which he did under protest. David was verbally hostile, and argumentative with Fire Rescue and Deputies on scene. David even got into a verbal altercation with his neighbor while on scene, spraying his hose towards his neighbors who he was talking about. David was actively drinking beer and playing music loudly, refusing to turn it down. David began to play music on his motorcycle loudly after being told to turn his music down from the residence. It was advised by Fire Recue that this was a violation of the ordinance for legal burning of debris as it was not 150 ft. from a neighboring occupied residence. Fire Rescue issued David a warning. Deputy Beldon issued David a citation for the illegal burning.

Deputy Beldon informed me later, that David was showing an outstanding warrant which Deputy Beldon and I thought initially was from Clearwater and advised In-State extradition only. We arrived back at the location several minutes after we had initially left to make contact with David. David was seated on the back of his pick-up truck in the driveway. The bed of the pick-up truck was facing the street. Deputy Beldon arrived and parked his vehicle out front of the house and addressed David. I observed David immediately jump off the bed of the pick-up truck and say something about going into his house. I could not hear clearly as I was still at the street, approaching the driveway. I observed David run towards his front door and Deputy Beldon chase him. David went into his house and attempted to shut the door on Deputy Beldon at which time Deputy Beldon went into the house in fresh pursuit with David and out of my sight briefly. I was running towards the residence and opened the door with my foot and Deputy Beldon had David on the ground and was attempted to detain him. I assisted and secured David's right arm with no force. David was escorted to Deputy Beldon's vehicle. David maintained his belligerence and was cursing as Deputies and being disrespectful the entire time.

A wants and warrants check was completed and met with positive results for the above listed warrant which turned out to be non-extraditable from this location. The location of the warrant was Highlands County and extradition was for surrounding counties only. It was initially thought that the warrant was from Clearwater Florida.

On 6/5/2019, David Allen Boileau, was transported by FBI SA Mark Haines and TFO Siobhan Maseda, from Pasco Detention Center to US Marshal Service in Tampa on an outstanding federal warrant. Boileau had miscellaneous paperwork in his possession. After the transport was complete it was determined the US Marshal Service would not secure the property. TFO Maseda took possession of the paperwork. On 6/11/2019 said paperwork was secured it at Pasco Sheriff's Office for safekeeping. Boileau was advised he could retrieve his paperwork upon release from federal custody. No further action.

BURGLARY DWELLING, UNOCCUPIED,

STAT DATA: No

BWC ACTIVATED: Yes

SUPPORT DOCUMENTS: 1 Probable Cause Affidavit, 1 PC Continuation Sheet

RECONSTRUCTION: On 01/22/2019 at approximately 1704 hours the defendant, David Allen Boileau, entered the victim, [REDACTED] property through an unlocked gate. Once inside, the defendant entered the residence through the rear door of the residence which was unlocked. This was done while the victim was not home and without the victim's consent or knowledge. The residence was thought to be properly secured but no alarm intrusion devices or video surveillance. The defendant left the residence through the front door of the residence where he proceeded to the victim's mailbox and went through their mail. The defendant stated he didn't deprive the victim of any property, but the victim advised she was missing her wallet with various items in it such as credit cards, a debit card, food stamp card and gift cards.

CRIME SCENE: A single family home located at [REDACTED]

INTERVIEW: I made contact with David and conducted an interview after reading David his Miranda Rights. David advised he entered the property through an unsecured gate. He stated he then entered the residence through an unlocked door and then exited the residence through the front door. While inside, David informed me he didn't take anything or remove anything from the residence. He then stated he went outside and opened the mailbox of the victim at which time he stated he saw Immigration paperwork for the victim or her children. David advised he was then confronted by the neighbor, at which time they exchanged words and the neighbor advised him he was contacting law enforcement. The victim was not home at the time the defendant entered and exited her residence.

David uttered several statements of his dislike for people of Middle Eastern descent prior to being read his Miranda Warning and after being read his Miranda Warning as well. The defendant made statements of the US needing to get rid of people with Middle Eastern descent and they don't belong here. He also stated if he doesn't get rid of them, Trump will handle it. The defendant made statements calling them "Habib" and they've left the building.

It should be noted on a prior incident on 01/21/2019, David made statements stating, "The US needs to rid the country of all of them." He also stated "We'll get rid of them one way or another." The defendant also allegedly threw screws at the victim's brother in laws' vehicle in hopes of damaging it or them running over the nails and flattening their tires.

INTERVIEW: [REDACTED] (victim) and [REDACTED] were interviewed by Deputy Kimball and provided written statements. See Deputy Kimball's supplement.

INVESTIGATION: On 01/22/2019 at 1704 hours, I responded to the above listed location in reference to a Burglary Residence in progress. Upon arrival, I encountered the defendant David Allen Boileau walking northbound on [REDACTED] towards his residence at [REDACTED]. Due to the nature of the call, I instructed David to show me his hands before advising him to lie in the prone position on the ground while I handcuffed him and placed him in custody. David was then patted down for weapons or illicit drugs, of which he advised he had a pocket knife and a butane lighter. Once I cleared David of any weapons or illicit drugs, I placed him in the back of my fully marked patrol car. I then read David his Miranda Rights of which he acknowledged and agreed to speak with me. I then conducted the above listed interview.

It should be noted the victim owns and has lived at her home for three years without any issues prior to the defendant moving into his residence at [REDACTED]. She does not know the defendant nor had any

encounters with him either.

Based off the Defendant admitting to entering and exiting the residence, as well as going through the victim's mailbox, I placed him under arrest for Burglary of a Residence. He was transported to the Land O Lakes jail for booking.

A State Attorney's Invest has been scheduled for 02/11/2019 @ 1500 hours.

A wants and warrants check showed the defendant has an active warrant out of Highlands County for FTA Petit Theft case# 282011MM000116XXAXMX. I contacted Teletype and was advised by Teletype Operator 6135, the warrant was confirmed, but Highlands County would not extradite.

No further action.

On 01-22-2019, at 1709 hours, I was dispatched to [REDACTED] in reference to a residential burglary in progress. Upon arrival, I made contact with Deputy Larry Roberts (5830) who had already detained a suspect.

While he dwelt with the suspect I made contact with the caller, [REDACTED] who advised the following,

While in his garage across the street he observed a male walk over to his neighbor's home and he was looking around. He recognized the male from an incident the night before, reference the above-listed case number. He watched the male for some time and observed him walk to the back of the property from the next street up before coming to the front of the home.

While at the front of the home he was looking into the windows and yelling for someone inside. When no one answered him he walked around the side of the home where he couldn't see him anymore. After a short time, he observed the male walk out of the front door of the residence.

He confronted the male telling him he was calling the cops. This whole altercation was recorded on a cell phone video. He showed me the video and I observed the following,

The quality was poor and the video was not stable for most of the time but I did see the same male Deputy Roberts had detained in the video wearing the same clothes. From the short bits of video I could see, the male was looking into windows and walking around the property. I was unable to see if the male walked out of the front door of the home due to the video looking at the ground at the time [REDACTED] confronted the male.

[REDACTED] agreed to complete a written statement and would try to send the video to Deputy Roberts via email.

I then spoke to the homeowner who arrived on scene shortly after law enforcement did. [REDACTED] said she had left her home to go pick up her children between 1600 hours and 1630 hours. She remembers locking the front door but wasn't sure if the back sliding door was locked.

She said it's just her and her children who live in the home and no one should have been there.

When I asked her what was missing she said she could not find her black hand purse which she left in the living room. In the purse were four credit cards, one debit card, nine gift cards, food stamp information, and her identification among other miscellaneous items.

It should be noted the defendant did not have anything on his person matching the missing items when he was

detained. I did not see anything in his hands when he was confronted on the video besides a cell phone. I was informed by Deputy Roberts the suspect informed him he did enter the home but never touched anything.

I took photos of the home and conducted a survey of the surrounding homes for video surveillance. The following address has working cameras but both owners advised their cameras would not have been looking at the right angle to see anything.

[REDACTED]

[REDACTED] was provided a business card with the case number and advised of her options. While in the home I did not see any signs of forced entry to the front or back doors. I also observed both the front and back doors to be open when I arrived but it is unknown if the owner left them open when she arrived.

I have no further involvement in this case.

Investigation:

On 01/23/2019 at 1530 hours, I was advised by my supervisor, Sgt. M. Rosa, to assist with this investigation. Sgt. Rosa advised a white male, David Boileau was arrested on 01/22/2019 for this burglary investigation and he is currently in the Pasco County Detention Center.

Sgt. Rosa advised another male, [REDACTED] called to provide some details about this case. Sgt. Rosa advised [REDACTED] received some texts messages from David Boileau in regards to the suspect getting a shotgun. Sgt. Rosa advised he wanted me to investigate this portion of the case and attempt to determine why the suspect got a gun. Sgt. Rosa advised he wanted me to attempt to locate the gun and recover it for safekeeping.

At 1545 hours, I called [REDACTED] who advised he needed to talk to a detective about his friend, David Boileau. [REDACTED] reported he lives next door to Boileau and has been friends with him for over 20 years. [REDACTED] advised Boileau moved in next door approximately 2 months ago when the property became available.

[REDACTED] reported his friend has always been a great person and nice to everyone. [REDACTED] said he's never know Boileau to be a racist person and he's never spoken bad about Muslims in the past. [REDACTED] said he is not positive but he thinks his friend is suffering from some type of mental illness and he needs help. [REDACTED] advised his friend is not as bad as the Sheriff described him on the press conference. [REDACTED] said he just wants to help his friend. [REDACTED] said he also is not sure what his friend is capable of now that something is going on with him.

[REDACTED] advised he has some disturbing text messages from Boileau were his friend asked to burrow a gun. [REDACTED] said he replied no to Boileau and a couple of hours later Boileau sent a text stating he borrowed a shotgun from another friend named Dell. [REDACTED] advised I could come to his house and take photograph's of the text messages.

At 1626 hours, I responded to his residence located at [REDACTED] and spoke with [REDACTED] who provided me with his cell phone. My encounter with [REDACTED] was audio recorded and later downloaded to Evidence.com.

I reviewed the text messages and photographed them. I gave [REDACTED] his cell phone back and spoke with him about his friend, David Boileau. [REDACTED] advised he has not been contacted by Boileau since he was arrested. [REDACTED] said

Boileau is still currently married but does not live with his wife. [REDACTED] said Boileau has a step-son who is aware of his arrest. [REDACTED] said he hopes his friend can get the proper help that he deserves.

[REDACTED] said he does not know anyone in the neighborhood named Dell but he thinks the guy lives across the street. [REDACTED] said he didn't see Boileau get the shotgun and doesn't know if he told the truth about getting a gun.

[REDACTED] said he would provide my number to Boileau's family so if they wanted to talk to me they could call.

After my interview I spoke with Detective J. Hicks who was asked to respond to the jail and talk to Boileau. Detective Hicks advised he spoke with Boileau who agreed to talk and admitted he did get a shotgun from a neighbor. Detective Hicks advised he requested permission from Boileau to enter his residence to search for the shotgun. Detective Hicks advised this permission from Boileau was audio recorded. According to Boileau the shotgun was lying on his bed with a full box of shotgun shells.

I contacted Sgt. R. Formoso who agreed to assist with the search. Sgt. Formoso also utilized his body worn camera to assist with documenting the search.

At approximately 1751 hours, Sgt. Formoso and I entered the residence through a wide open back door. We were able to locate the shotgun lying on Boileau's bed like he advised. I photographed the residence and the firearm were I observed it. I then collected the firearm and the box of unopened shotgun shells.

I observed the shotgun is a Browning 12 gauge firearm bearing serial number 205478. The shotgun shells are 8 shot Federals. I collected the firearm and the shotgun shells for safekeeping.

Detective Hicks also advised Boileau mentioned a white board in his residence that had weird writing on it about people trying to harm him. I found a white board in the back porch area and photographed it. I did not observe anything of evidentiary value written on the white board.

Sgt. Formoso and I exited the residence through the same door. We closed the door and exited the back yard.

I went to [REDACTED] to see if Dell lived at this house. I received no answer at the door and left a business card.

I turned in the shotgun and shells to property evidence under item number 1CC and 2CC. I researched DAVID and discovered a male named [REDACTED] I will attempt to speak with him at a later date to see if he loaned the shotgun to Boileau.

I did not collect any other evidence or conduct any other interviews. This case is currently assigned to Detective S. Regan and is cleared with an arrest.

On 01/24/2019 at approximately 1010 hours, I spoke with [REDACTED] over the phone. Abdel advised he barely knows his neighbor, David Boileau. Abdel advised he never gave or loaned David a shotgun or anything else. Abdel advised he checked his guns and nothing is missing. Abdel said no one else lives in his residence that owns guns. Abdel advised he does not know why David would say he got the gun from him. I explained to Abdel he would not get into trouble if he gave David a gun and he continued to say he never gave David a gun.

At approximately 1020 hours, I spoke with David Boileau's step-son, Don "Rick" Kalashian, who advised he has known David for many years and he's never known David to be a harmful, racist person.

Don advised he last spent time with David on Sunday the 20th to watch the NFL football games at Don's house. Don said David talked about the games and had some food while he was there. Don said David also brought Christmas gifts for Don's family. Don said David never mentioned anything about having terrorist living in David's neighborhood.

Don advised he has noticed David acting different over the last approximately two years. Don said it started when David's father passed away. Don said he thinks David is starting to suffer from mental illness and needs help. Don said he heard a rumor that David was using crack cocaine but he isn't sure about that. Don said David is not a heavy drinker and never used illegal drugs while Don has been around him.

Don said David's current wife is "Mimi" and her phone number is 727 453 2245. Don said he does not know Mimi's real name and believes she is trying to bond David out of jail. Don said he thinks Mimi is going to try to get David to a hospital so he can be mentally evaluated. I explained to Don how the process for an Exparte is completed.

Don said David used to travel around the world working machines and there is no way he could have done his job and be a racist person. Don said David spent time with so many different cultures and never had any problems in the past. Don said he strongly believes this is a mental illness issue and he hopes David can get the help he needs.

At 1250 hours, I called Mimi and discovered her real name is Mary Ann Boileau. Mimi advised she is legally married to David but he moved out on his own many months ago. Mimi said approximately 3 years ago David's father passed away and this took a heavy toll on David. Mimi said he's never been the same and something is

On January 22, 2019, at approximately 1700 hours I responded to the Land O Lakes detention center to conduct an interview with David Boileau. David had been arrested previously for burglary under Pasco County Sheriff's Office case 19- 3180 and was in the Land O Lakes detention center. I spoke with David in the Charlie section of the jail and spoke to him in an open interview room where myself and David were the only people present. I started off by introducing myself to David and told him I needed to read him his Miranda rights directly from the agency issued Miranda warning card. I read the Miranda rights to David at that time he said he understood his rights and still wished to speak with me.

I conducted an interview with David regarding this incident in PSO [REDACTED] and the following interview was audio recorded and uploaded to evidence.com. The following is a summary of the interview and the interview can be heard in its entirety on evidence.com.

I started off by asking David to just walk me through what happened. David said that he's been rehabbing this old house for about nine weeks now. He said he was living at the residence for approximately 9 weeks now. He said he was outside in his yard doing yard work one day when a man that lived one street to the south was walking by and started talking to him. David said he did not know the man's name but said he was a plumber. The man looked at David and pointed to the house [REDACTED] and said that's ISIS over there. David said he didn't know that so that he became curious and started walking with the man and walked by the house. David said after that he started watching the house because he was worried about ISIS being on his block.

David said that he would be up all hours of the day and night doing different jobs around his house and while he was doing so he would watch the family at the house. He said he called the FBI to warn them about the house and he kept getting the runaround and the lady at the FBI just kept repeating herself. David said that one day he was walking by and he tossed something into the yard and was confronted by the neighbor that lived across the street. I asked him what he tossed into the yard and he said, to be honest, it was some wood screws. I asked him what was the point by tossing wood screws in the yard and David said just to be a pain in the ass and get them to move. He said the neighbor across the street from the house got upset and confronted him because he was scared that he may get a nail in this tire.

David said on another day that he was walking by the house and he saw that the curtains were open. He became

really concerned when he saw the curtains open because he knew that was bad. I asked him why that was bad and he said because they could see outside and get rifles outside and pick off him or police officers that were showing up to the house to remove them. David said he also walked into a neighbor's backyard so that he could see into the backyard of the house and he noticed that the slider was open and that the screen had a hole in it. David knew that was bad for the same reason and said that a rifle can easily get out of the screen so that he needed to do something about it. He said the family was there and when he said they saw him they all ran inside and came down from ladders and went inside. David said he waited for everybody to leave the house and then he went back over to the house to see if they were gone so that he could look inside.

David said he was walking by and had a bottle of wine in his hand and looked in the back yard again and the door was wide open. He knew the family was gone so he decided to go walk through the back door to see if anything was going on. He said he walked in all the rooms to make sure that no ISIS was there in and take pictures for the FBI. He said he saw some of the furniture still wrapped in plastic so he knew that was not good and needed to get the pictures to the FBI. David said he walked out the front door leaving the door wide open and was on his way back to his house so he could call the FBI and then he was confronted by the neighbor across the street with a phone. David flipped the neighbor off and told him that he had already called the FBI and is working with them and was headed back to his house when he was approached by the Sheriff's Office and told to get on the ground. He said he was arrested for burglary and theft, but he didn't understand because he didn't steal anything. He said the only thing he did was go in there with a bottle of wine that he had already and was taking pictures for the FBI.

I asked David if he had any type of weapons in the house and he said he had just obtained a shotgun. He said he asked his neighbor for one but he wouldn't give him one, so he had to ask another neighbor for one. He said his neighbor who is catty-corner to him gave him a shotgun and a box of shells. I asked David what the point of a gun was and he said he needed it for protection. I asked David if he was going to go to the house and cause harm to anybody and he said no he just needed in case somebody came into his house to hurt him. He said he has seen a lot of movies, real movies, and he knows how these ISIS people work.

I asked him what he did with the pictures for the FBI and he said there on his Apple iPhone. He said he called the FBI to give the pictures, but kind of knew they (FBI) didn't need them because they're probably spying on the house already from satellites.

I asked David if his house was secure and he said he thinks so. I asked him if he wanted me to have another detective go into the house and make sure the house is locked up and secure and to secure the firearm and he said yes. He said he thought the house was locked up but if it's not he would like us to go inside secure the house and secure the firearm. David said he does not have any power so after the sun goes down you would need a

flashlight. I also asked David if there's anything else to secure the house and he said to make sure my chainsaws put up in the yard. David said he did not have anything else to add at this time, but would reach out to me if he thought of anything else.

I contacted Detective Cougill who was doing a neighborhood check surrounding this case and informed him that David wished to have his house secured. Detective Cougill advised the back door to his house was wide open and would secure the residence as well as the firearm that David stated was on his bed next to a box of shells.

David was very serious when he thought the family belongs to ISIS lives at the house. He also said he hears screams coming from the house and he believed it to be women because he knows ISIS beats their women. He also stated that he has called the FBI four times and keeps watching the house for the FBI. When David made entry into the house he did so thinking he was doing surveillance for the FBI. Also speaking with David he says he hears voices from the person that committed suicide in the house he is living and that he writes the date and time of hearing the voices on a whiteboard located on his back porch.

This concludes my involvement in the case at this time.

On January 25, 2019, this case was assigned to me to follow up with the hate crimes nexus and assist SA Susana Mapu with the FBI who was also conducting an investigation. This case was cleared by arrest on the date of offense, January 22, 2019. On January 28, 2019, Sergeant M. Rosa advised patrol units responded to two events involving David Boileau between January 21st and January 22nd; both reports were assigned to me and reviewed. Sergeant Rosa advised an invest has been scheduled with ASA C. Billings for January 30, 2019 at 1330 hours.

Upon reviewing the cases assigned, I learned the first [REDACTED] involved David acting suspiciously and making prejudicial statements regarding his neighbors who reside at [REDACTED]. David told the caller, [REDACTED] "These people who live here are an eyesore to this country and I am here to protect it against people like that." David also made comments similar to, "I will take care of them and defend this country." David then threw a handful of screws at the vehicle at the location. When [REDACTED] confronted David about this and told him to pick up the screws, David walked away while cursing at [REDACTED]. The residents, [REDACTED] and her four children were home at the time but did not witness the incident. There was no damage to the vehicle, which belonged to [REDACTED] brother-in-law. David could not be contacted at this time and the report was titled as an Information for Deputy.

The following day, after [REDACTED] left the residence to pick up her children, David entered her residence without her knowledge or consent through an unsecure back door; the neighbor, [REDACTED] witnessed David walking around [REDACTED] residence, exit through her front door, and go through her mail. [REDACTED] used his cellular phone to record David and contacted 911. David was detained as deputies arrived on scene. He admitted to entering the victim's residence through the back door. David denied taking anything from within the residence; he then went outside and looked through the victim's mailbox. David made several statements to Deputy L. Roberts, Jr. revealing his feelings towards people of Middle Eastern descent. David made statements indicating, "The US needed to get rid of people with Middle Eastern descent" and stated, "They don't belong here". He also stated if he "doesn't get rid of them, Trump will handle it". David also referred to his neighbors as "Habib".

David was arrested and transported to Land O' Lakes Detention Facility.

I was informed of information provided to Detective C. Cougill regarding David obtaining a firearm prior to his arrest. Detective J. Hicks conducted an interview with David and obtained consent to enter his residence and secure the firearm (See Cougill and Hicks supplements).

On January 28, 2019 at 1105 hours, I made phone contact with [REDACTED]. She advised the federal prosecutors would be working out the details with the State Attorney's Office to determine who will be handling the investigation. SA Mapu was able to confirm David had previously contacted the FBI regarding his neighbors; however, no official reports were taken as the information provided did not warrant a report. SA Mapu advised

she would like to interview [REDACTED] and [REDACTED] in person. I coordinated a date and time everyone was available to meet. I made contact with [REDACTED] and introduced myself to her. She advised she is currently staying at her mother's residence in New Port Richey due to fear of living in her home. She also advised her children are afraid and do not understand what is going on. [REDACTED] has four children between five and eleven years old. I then spoke with [REDACTED] briefly. He advised he has been missing out on work but would be present for the invest on Wednesday and would be willing to meet with me and SA Mapu. I arranged for the interviews to take place after the invest on January 30, 2019 at approximately 1400 hours.

I reviewed Century Link and found David made one phone call to his wife, Mary Ann Boileau, on January 22, 2019 at 2232 hours. During the call, David explains he was arrested for breaking and entering and tells Mary, "I know what that house is." Mary says, "There's something wrong with all of this." David says "he knows and that he has been talking with the FBI". He said, "If you saw that house, and you saw the shades, and you saw the hole in the screen and you saw the guys that-" At this point, the call ends and relays the called party to add money to the account. Several other completed calls are made from David's PIN; however, they all appear to be other inmates utilizing his PIN code. I uploaded the call to evidence.com and forwarded a copy to SA Mapu.

This case has been cleared by arrest; however, I will supplement with additional information once it is available.

I received this case on 1/23/2019. Upon receipt, I made contact with the victim, [REDACTED] and spoke with her at length regarding the available services. I explained the legal process and how to file for an injunction. I safety planned with [REDACTED] and made arrangements to meet her at the courthouse to assist with filing the injunction. I informed her of the date, time and location of the SAO invest and offered to accompany her to it. On 1/30, I met with [REDACTED] at the NPR courthouse and accompanied her to the meeting to provide emotional support. Afterwards, we discussed counseling services available to her and her children and I followed up with her via telephone to give her the service providers contact information. I also ensured [REDACTED] had my contact information for future assistance. This case is being used for VOCA reporting purposes.

On Wednesday, January 30, 2019 at approximately 1400 hours, SA Susana Mapu and I met with the victim in this case as well as several witnesses. We met in a conference room within the State Attorney's Office after the scheduled invest.

Present with [REDACTED] during her interview was her civil attorneys, Tonya and Norma (CAIR- Council on American-Islamic Relations), PSO Victim Advocate Rita Sipp, and [REDACTED] Yasmina Halim.

[REDACTED] came to the United States in 2013. When she arrived she did not speak any English. [REDACTED] has been learning and practicing English in attempt to get a job as a professor; she currently has a PhD in Iraq. [REDACTED] has held several jobs since moving to the United States. Her most recent job was in the cafeteria at [REDACTED]. She also worked at the YMCA and as a teacher at the [REDACTED]. [REDACTED] explained she has had a difficult time finding jobs and keeping those jobs. She recently stopped wearing her hijab when interviewing for jobs because someone told her she might be more accepted if she did not wear it. [REDACTED] has four children between five and eleven years old. [REDACTED] purchased her home in 2014. She was living with her parents between 2015 and 2016 while her house was renovated due to an issue with her septic tank banking up. [REDACTED] advised she has never had any issues with any of her neighbors prior to this incident.

Leading up to the two incidents involving David Boileau, [REDACTED] recalled on prior suspicious incident that took place approximately ten days before David was arrested. Around 2300 hours one night [REDACTED] heard a loud sound. When she looked outside she noticed her basketball hoop had been knocked over; she thought someone may have attempted to steal it. About twenty minutes later, she heard "voices" coming from outside her windows. She turned all the lights on in her house and made noise in attempt to scare the person away, making it known people were home. She called her brother-in-law and he came over and stayed the night on her couch. The following morning, [REDACTED] spoke with her neighbor Jill; Jill has video surveillance directed at [REDACTED]'s residence. Upon checking the video, [REDACTED] and [REDACTED] were able to see an unknown subject shining a flashlight into [REDACTED]'s windows.

On the days leading up to this incident, [REDACTED] explained she and her family attended a Janazah (funeral) for a child that passed away in their community as well as a memorial. The events took place over the course of two days. The incident with the basketball hoop occurred on the second night. During these two days, [REDACTED] and her family were fully dressed in traditional Muslim clothing (abaya); they came and went from the residence on several occasions.

On January 21, 2019, Rana advised she dropped her daughter off at Girl Scouts around 1800 hours. When she got back around 1830 hours, [REDACTED] told her that a man threw screws at the vehicle in her driveway while she was away. He told her he called law enforcement and they were on their way. [REDACTED] told [REDACTED] the man asked if he knew her and told [REDACTED] he "wants to save America". The man, identified as David, was gone before [REDACTED] returned home. [REDACTED] and the deputy picked up all the screws. The vehicle belonged to [REDACTED] brother-in-law; he came to

the house to check on his car. It was dark out but he did not observe any damage. [REDACTED] stayed home that night and made sure the doors were locked.

The next morning several neighbors were reassuring her that everything was going to be all right; many of the neighbors have video surveillance and told her they would look out for her and help any way they could. [REDACTED] drove her son to school so he wouldn't have to walk past David's house to the bus stop, then went to the courthouse and picked up an injunction packet. She was not able to fill it out at the time because she did not know any of David's information that was required for the paperwork. [REDACTED] also had her sister come by and she started putting cameras up on her home. While her sister was installing the cameras, the neighbor, David, was seen taking photos of her.

Later that afternoon around 1520 hours, [REDACTED] went to pick her children up from school. Between 1610 and 1620 hours, [REDACTED] arrived home and [REDACTED] waved her down, telling her to park in his driveway because the cops were on their way. [REDACTED] and [REDACTED] observed her front door to be open. [REDACTED] had her mother and three of her four children in the car; her daughter Lara was at her aunt's house. Her mother was dressed in traditional Muslim clothing with the full gown and hijab. [REDACTED] was wearing a high neck, long sleeve shirt with jeans and a bonnet. [REDACTED] started telling [REDACTED] that David had gone in her house and went through her mail. Law enforcement had not arrived yet. [REDACTED] saw David walking down the street, approaching her; [REDACTED] thought David was going to do something bad to her and her children started yelling that he had something in his hands. [REDACTED] did not observe David to have anything in his hands. [REDACTED] was scared and did not know what David was going to do; Lonny recommended she go to her sister's house around the corner until deputies arrived. [REDACTED] said she came back several minutes later, once deputies were there. She saw the deputies arresting David and heard David yelling "ISIS". She was scared and shaken and could not hear a lot of what was being said. She said the police were yelling at David and David was yelling things out as well. Deputies told [REDACTED] not to go into her house until they could photograph everything. Once she was able to look through her home, she did not find anything out of place but could not locate her wallet. [REDACTED] advised her wallet was later located in her sister's vehicle after she forgot it in her car.

[REDACTED] decided to stay at her parents' house that night with her children. She returned to the house with [REDACTED] to gather blankets, clothing, and food from the refrigerator so it would not spoil. [REDACTED] and her children have been staying with her parents since that day and do not feel safe living in their own home. [REDACTED] said what scares her the most was David knew [REDACTED] called the police that first day, he knows the neighbors have cameras and he saw her sister installing cameras on her house; despite all that, it did not stop David from entering her home. The other neighbors have all been great and showing immense support, but she does not want one of her neighbors to be put in harms way while protecting her and her family from David.

[REDACTED] advised Lonny told her that David also threatened to kill him. She believes this threat was because [REDACTED] was helping her. She was also made aware of two other incidents involving David. She advised on January 28, 2019, David pulled up in front of her house on his motorcycle; he revved his engine before driving away. [REDACTED] heard

about this from Nikki who saw it on her video surveillance the following day.

On January 30, 2019, the mail carrier told [REDACTED] brother-in-law and several other neighbors that David admitted to going through [REDACTED]'s mail. He told the mail carrier that he saw she had immigration paperwork in the mailbox. [REDACTED] advised she had filed for citizenship for her oldest son and the paperwork he was referring to was the application.

[REDACTED] was able to obtain the injunction against David after the second incident and the No Contact order was issued upon David's arrest. They have a hearing scheduled for Friday, February 8, 2019. [REDACTED] and her attorney's advised they plan to have a stipulation added because David [REDACTED] residence and according to neighbors, he continues to drive past her house.

After speaking with [REDACTED] SA Mapu and I spoke with [REDACTED] has been renting at his current residence for the last year and has lived in the neighborhood for twelve years.

[REDACTED] advised on January 21, 2019, at approximately 1800 hours, he was in his driveway taking down Christmas decorations when he saw David walking down the street. David stopped in the roadway between [REDACTED] house and [REDACTED]'s house. [REDACTED] advised he [REDACTED] street from [REDACTED] and her residence is positioned at an angle at the corner of the street). David started looking around at Rana's residence, then turned and stepped up into [REDACTED] driveway. David asked, "Do you know who lives here?" [REDACTED] acknowledged he did. David then asked, "Iraqis live here, don't they?" [REDACTED] told David he believes they were from Geneva. David replied, "Them fucking Iraqis. I'm gunna clean America up." David then reached into his pocket and said, "You didn't see anything." As he threw a handful of metal things at the car in the driveway and the yard. [REDACTED] got into an argument with the male. He refused to "no see anything" and demanded David pick up what he threw down. [REDACTED] told him that he lived there as well and had a wife and child and did not want to end up with a flat tire because of him. David said, "Fuck you, it's up in the yard anyway, it won't get your tires." [REDACTED] said David "bowed up" to him and he did the same; David "backed off" and went back to his house when [REDACTED] said he was going to call the police.

[REDACTED] advised he has seen David before that day but never had any issues. He'd seen David in his own yard, he appeared to be renovating the house and had piles of debris in the yard. David had a generator running because there was no power to the house. The house had been vacant until approximately one and a half months ago.

[REDACTED] advised on January 22, 2019 he was in his garage again and saw David walking down the street. He was "hovering around" and seemed suspicious but in a way that he was trying not to come off as suspicious. He had a bottle in his hand, it appeared to be an alcohol bottle. [REDACTED] backed into his garage to try and stay out of David's sight while he kept an eye on him; this is also when he decided to record David. David walked past [REDACTED] house and around the front of her rear neighbor's house, staying very close to the building itself. [REDACTED] could see David as he stood on a pile of wood, trying to look into [REDACTED] backyard from the neighbor's yard. [REDACTED] said David made a "half-hearted attempt" to get over the fence (a six foot wooden privacy fence) and when he couldn't get

over, he came back around the front of the house. David went into [REDACTED] mailbox and looked through the mail, then walked to the front bay window and put his hands up to the screen while looking in and yelling "hey". David then walked around the other side (west) of [REDACTED]'s house and entered he back yard through the gate.

[REDACTED] then exited his garage "to make himself known" and within moments, David came walking out [REDACTED] front door. [REDACTED] yelled out to David, "You just broke into her house!" and said he was calling the cops. David said, "Fuck you, I m not scared. Call the cops, call the FBI!" David then walked to his house. [REDACTED] while David was walking away from [REDACTED] house. Before deputies arrived, David walked back down the street. He pointed his finger at [REDACTED] gesturing like a gun, and said, "I know it was you that called the cops. I'm gunna kill you." Then, using his finger and gesturing, he pretended to shoot [REDACTED]

After David was arrested, [REDACTED] was afraid to live in her own home. [REDACTED] heard that David's ex-wife bailed him out of jail. Since David has been back home, he has been setting a lot of fires in his front yard (burning things), he put up a flag pole and put an American flag up, fenced off his entire back yard (after getting permission to connect the fence to the next door neighbor's house), and he has been "taunting her and the neighborhood". David said his [REDACTED] told him David drove by [REDACTED] house, slowing down and revving his engine. He also heard David was bragging to the mail carrier about the immigration papers he found in [REDACTED] mailbox.

[REDACTED] said a lot of good has come out of a bad situation; however, and the neighborhood has come together and gotten closer. Everyone is communicating more and people have been going out of their way to look out for each other (and [REDACTED] specially).

[REDACTED] added that he believes it is "blatantly obvious that this is a hate crime" (referring to David's actions leading up to his arrest). He feels intimidated and threatened by David and is afraid for his wife who is from the Philippines. He works out of town (St. Petersburg) during the day and sometimes overnight and he is afraid of what David may say or do if he sees that his wife and daughter are Pilipino. [REDACTED] added he filed for a restraining order but needed to put more information in it in order for it to be granted.

[REDACTED] and her husband, [REDACTED] live one street south of [REDACTED]. They also came to speak with SA Mapu. While SA Mapu spoke with Hala and [REDACTED] I worked with [REDACTED] and attempted to get the original video he took with his cell phone. After several different attempts to send the video, I sent [REDACTED] a Citizen Evidence link for evidence.com. He did not have good service and I walked him through how to upload the video once he got home.

On Thursday, February 7, 2019 at approximately 1030 hours, Detective S. Maseda and I made contact with Jill Fernandez at 4 [REDACTED]. I introduced myself and asked Jill about the incident involving the basketball hoop in front of [REDACTED]. Jill remembered [REDACTED] came to her and told her she believed someone had attempted to steal her basketball hoop. [REDACTED] has video surveillance on her property; two cameras affixed to the front of her residence were angled east and west, covering her own front yard. The cameras were not directed at

█████ residence at an angle where her yard or home was within view. Jill reviewed her camera system, which at the time would only record when activated by motion. There was one motion-captured video at 10:30 pm that night; however, it did not capture anything on camera other than what appeared to be headlights on a vehicle driving by. The video did not show anyone with (or without) a flashlight looking through █████ windows.

Jill advised she has only seen David one time since the day he was arrested; she said a deputy was walking down the street with him the day after he was released from jail. They walked past █████ house to another house down the road. Jill has not seen David drive by █████ house but Nicki, one of the other neighbors, told her she did see him drive by on his motorcycle and rev his engine. Jill told me David has been keeping to himself and usually comes and goes from the other direction.

Jill told me she has seen David a few times prior to these incidents. He has walked past her house and made unusual comments to her adult children trying to tell them how to raise Jill's youngest child who is only four years old. On another occasion while she and the kids were outside, enjoying the day and laughing, she heard David yell from his house that they needed to "shut up". From what she could recall, David has been living at the house since November 2018. The house is owned by an LLC and according to █████, the LLC purchased the house for \$30,000 and was selling it to David for \$60,000. Jill could not provide any additional information at this time.

Next, we spoke with Nicki and Ricky Decker at 3 █████. I explained I was there to inquire about an incident they may have video surveillance of that involved David driving past █████ house after he was released from jail. Ricky advised they do not have any incidents on camera (their outdoor cameras are inoperable); however, he briefly saw David riding by on his motorcycle one evening. Ricky told me the motorcycle did not come to a stop by appeared to slow in front of her house as the driver revved the engine. Ricky advised he did not see the driver's face but knew the motorcycle belonged to David. He told me his wife got a better look at what happened.

I spoke with Nicki who advised she did see David drive by and rev his engine as he drove past █████ house. This took place around 8:00 pm; it was dark out and there are streetlights within a close proximity of their house. Nicki advised she did not see the driver's face but believed it was David. She told █████ and her attorney what she saw the following day (over the phone). Nicki said David has driven by since that day but does not slow, stop, yell, or say anything. Nicki and Ricky did not provide any additional information.

Before leaving, Detective Masada and I spoke with David Boileau. The doors and windows to the residence were all open and David came to speak with us at the front door. My conversation with him was recorded. I explained that we had received information that he may have been driving past █████ residence. David denied this and told me several times that he goes the other way, he knows he is not supposed to be within 500 feet, that his house is 300 feet away, and that he has court tomorrow morning.

While speaking with David, he did present himself in a way that seemed he was agitated; he was cooperative but somewhat sarcastic at times as he urged us to ask our questions so he could go back to work (he was working on

fixing his generator). David told us he did not know anything about [REDACTED] when he first moved in. On the night of the "blood wolf moon" he saw a man outside and told him to "look up". The man replied, "Oh is that happening today?" David told me they spoke and that man told him that the people who live in "that house" are "ISIS". David told me the man was dead and showed him where he killed himself (at another house in the neighborhood) and that he hears voices in the house. David said he also hears voices in his house because someone died there. He excused himself for a minute, going back into the house, and upon coming back outside his eyes were watering. He said death upsets him. David said when he found out about the people being ISIS, he started calling the FBI to make sure they knew. He called one time the first day and then four times the next day before going into the house and looking around. David said he never touched anything, he only looked around the house and left. David said he had seen a hole in the screen of their house that was directed towards his house. He believes they were using that hole for a sniper rifle and he was in danger.

David stated he knew there was a difference between the Muslim faith and radical jihadists; he said he did not have anything against Muslims and what he knew about ISIS was just what he sees in the news and television shows. David said he does not know [REDACTED] only learning her first name after he was served with paperwork) and prior to being arrested, he just knew that "they" would always stay in the house and would hurry inside if they saw him.

Much of what David said was difficult to understand and did not fully make sense. He spoke about different number sequences and how he tries to figure out the meaning behind it. For example, he was trying to figure out with "[REDACTED]" meant (his address). He believed all numbers had some tie to a person's life. Other numbers were "[REDACTED]" and "[REDACTED]".

David asked a few questions about the FBI, a vehicle he saw down the street, and the gun that deputies took out of his house. He said the gun belonged to his friend's grandfather. Before leaving, I left him my business card and told him we would like to return it to the owner.

After speaking with David, I informed ASA C. Billings of the information we obtained from Jill, Nicki, and Ricky. This case has been cleared by arrest and based on the statements made by [REDACTED] neighbors, there is no evidence that David has violated the No Contact Order or DVI and therefore, no additional reports were generated.

On Monday, February 11, 2019 at 1105 hours, I spoke with Daniel Vokey after receiving a voice message. Daniel advised he is a mail carrier and delivers mail to David Boileau. Daniel advised after David was arrested and released, he spoke with him while delivering mail. David told Daniel that he went through [REDACTED] house but "didn't do anything". He also described every piece of mail he saw when he went through her mailbox. David also said that he had "other people looking into the family" because he believed they were ISIS. He believed this because they had a white van in their driveway at some point in time. Daniel told David he was a Veteran and served in Iraq. He stood up for [REDACTED] and told David that he did not know what he was talking about. David also told Daniel the cops stole a gun that he borrowed. He said the reason he had the gun was because ISIS had a hole in their window aimed at him; he had the gun in case he needed to use it against them. Daniel advised he told David he was going to report him to the Postal Inspector for looking through [REDACTED] mail. David started to get aggressive, yelling at him and calling Daniel "fake news".

Daniel advised he has notified his supervisor about David tampering with [REDACTED] mail. I informed him I would pass his information to the FBI agent assigned this case so they can follow up with him and work with the post office as needed.

No further action was taken. This case has been cleared by arrest.
